# Interaction Design

### PROGRAMS

- <https://www.sketchapp.com> // Sketch, a Design App, Free for 30 days.
- <https://www.figma.com> // Same as Sketch, but a Webapp. Free.
- <http://www.adobe.com/products/xd.html> // XD is basically the same as Sketch, but high quality and high-end. Also expensive. But if you have CC feel free to try it!
- <https://proto.io> // Prototyping app, free for 2 weeks, but extendable for 2 more.
- <https://www.invisionapp.com> // Kinda like proto.io but it can also do some more. Look at it yourself.
- <http://www.adobe.com/creativecloud.html> // Has pretty much everything you need, but then again, it's quite expensive (Photoshop, Muse...)
- <https://balsamiq.com/products/> // lets you create really basic sketches but very convenient

### RESOURCES

- <https://www.flaticon.com> // ICONS GALORE
- <https://fonts.google.com> // Websafe fonts!
- <https://material.io/guidelines/> // Material Design is one of the handful popular design systems. Please look into this
- [https://en.wikipedia.org/wiki/Flat\\_design](https://en.wikipedia.org/wiki/Flat_design) // Flat Design. couldn't find a proper documentations of this, but hey.
- <https://fluent.microsoft.com> // Fluent Design. New Microsoft design system.

# Software Engineer

~Now, software is a little bit harder, since it depends on what we plan to do!~

### PROGRAMS

- <http://www.adobe.com/creativecloud.html> // Surprised? Well, There is stuff like Dreamweaver in there, IDEs. I was surprised, too!
- <https://www.jetbrains.com/student/> // JetBrains IDEs are free for students!
- <http://brackets.io/> // super nice text editor where you can view the css/html/js code in two-window-sections view

### RESOURCES

- <https://www.w3schools.com/> // everything about web development
- <https://stackoverflow.com/> // help for every problem you're faced to

# Product Manager

## \_\_\_\_PROGRAMS\_\_\_\_

- <https://trello.com/> // A good organizing tool.
- <https://www.meistertask.com/app/project/u7ZUe3XQ/codebreak> // This is another organizing tool and I think this link is public so you'll be able to see what we worked on.

## \_\_\_\_RESOURCES\_\_\_\_

- <https://www.youtube.com/watch?v=CD0y-aU1sXo> // A lecture about the Kanban board
  - <http://dschool-old.stanford.edu/wp-content/uploads/2013/10/METHODCARDS-v3-slim.pdf> //
- Here's a pdf about design thinking.

# Machine Learning

<https://www.reddit.com/r/learnmachinelearning/top/?sort=top&t=all> // You know what it is.

## **Availability :**

Rob : until 19 Uhr max, from 11-12am, unless I have a guild or STS or so. I do night shifts so I go to sleep rather late :D.  
I do nothing uni-related on weekends.
